

# IMDS and Product Compliance Summit >>>

The premier North American event addressing legislation surrounding global substances of concern

## Technical Session

Join leading industry professionals on September 27 at AIAG's IMDS and Product Compliance Summit.

This exclusive event will address legislation surrounding global substances of concern, as well as automotive industry response, actions and information on what is to come. Speakers include experts from Ford Motor Company, Honda of America Manufacturing, Fisker Automotive, NRL Consulting, Hewlett-Packard Development Company, Delphi Corporation and Tetra Tech.

Explore and discuss changes to the International Materials Data System (IMDS) application codes and more, including:

- Changes in global legislation including the SEC's Conflict Minerals legislation
- New and emerging reporting requirements around the world
- The update of ELV Annex II and the associated IMDS Application Codes
- The future of IMDS
- OEM IMDS reporting requirements
